Alexandria Gazette.

TUESDAY EVENING, SEPTEMBER 11.

A BIG YEAR FOR RAILROADS .-- Advance sheets of Poor's Railroad Manual for 1888, giving statistics of the operations of the railroads of the country during 1887, coctain a vast amount of information bearing upon this important subject. The increase of mileage last year is given as 13,080 miles, making the total length of track now in the United States 149,912 miles. Considerably over half of all this mileage 90,070 miles— is in the Western States. Most people will be surprised to learn that the Southern States have more miles of track than the Middle, the figures bring 23,342 and 19,430 respectively. New England has only 6,684 miles, while the Pacific group of States has

SWALLOWED A COIN.-The 12-year-old granddaughter of Mrs. O. D. Like, of Meadville, is now in the hards of a physician in Philadelphia, who wi'l open her breast and try to extract a 25-cent piece that is ledged there. A few days ago the girl secured the coin, and put it into her mouth. Her cousin caught her by the nose and tried to make her spit it out, but instead she swallowed it. The coin lodged in her throat. At night the girl went to a physician, who made an unsuccessful attempt to extract it. When the girl ros: the next morning the coin had worked down into her chest, and, although everything was done to dislodge the piece, it refused to move up or down.

The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.,) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the

SUMMER GOODS.

If you are thinking of buying a Refrigerator, Water Cooler or Ice Cream Freezer, give us a call and examine the celebrated "RIDGWAY" FREEZERS and REFRIGERATORS and "PHILADELPHIA" COOLERS before making a purchase. We have these goods in all sizes and at prices within the reach of all. These goods are superior to anything of the kind on the market. To mention one point in the many of these brands: the air in the refrigerator is not only cold, but perfectly dry. The machinery about the freezer, unlike that of any other make, is entirely protected, thus preventing it from being clogged with ice or from mashing your fingers. The Cooler is made of the best materials, on scientific principles. We sold a great many of these goods in this city the past season, and we can refer to any purchaser for a recommendation. Goods in stock now at
